Sinai University- Kantara branch- is located in the Eastern side of Ismailia city.

Kantara campus branch is considered to be an integrated technology city using the latest up to date technology. It is the first in Egypt to provide a cashless system to facilitate students' living and accommodation. In addition, the campus provides modern teaching methods using the latest medical, engineering & photography labs available on campus.

Research Department

The key is to provide our students with training and actual practice.

We always believe in the bright minds of our students, so we always keep in mind how to facilitate the learning process of students and researchers and provide them with the latest technology and updated equipment to meet their needs to possess the knowledge.

Sinai University aims to establish itself as one of the leading universities in the Middle East in the field of scientific research and to ensure that its research contributes to the welfare of the community.

University Dorms:

SU new modern design made the University standout from other universities. We always believe in the importance of creating the most suitable environment for our students to excel academically and make our education journey always memorable. Our University dorms offer more than 250 fully serviced hotel rooms for our students & academic staff members.
